

CSA International and Weil-McLain announce a Voluntary Recall of Gas Boilers APB-06-08

Toronto – May 28 - In cooperation with CSA International, Weil-McLain of Michigan City, Indiana is voluntarily recalling approximately 3,200 CGs and CGi Gas Boilers in Canada. The boilers are being recalled to conduct an inspection to ensure correct construction and repair if necessary. Additionally, if there is a leak in the vent piping, the recalled boilers may leak carbon monoxide (CO) into the buildings in which they are installed, posing a risk of CO poisoning. Consumers should stop using the boilers immediately unless otherwise instructed.

There have been no reports of incident or injuries..

The recall involves Weil-McLain cast iron, gas-fired boilers used for space heating. The following model numbers and serial numbers are included in the recall.

Model Number	Serial Number
CGs-3, CGs-4, CGs-5, CGs-6	From CP 5071501 through CP 5694976
CGi-3, CGi-5, CGi-6 Series 2	From CP 4134351 through CP 5698635

The boilers were sold by plumbing and heating wholesale distributors to plumbing and heating contractors nationwide from October 2001 through December 2007.

Consumers who have not already been contacted, should contact their installer for a free safety inspection and repair, if necessary. For more information, contact Weil-McLain toll-free at (866) 783-9276 between 8 a.m. and 4 p.m. CT Monday through Friday, or visit the Weil-McLain website at www.weil-mclain.com.

About CSA International

CSA International is a provider of product testing and certification services for electrical, mechanical, plumbing, gas and a variety of other products. Recognized in the U.S., Canada and around the world, CSA International certification marks appear on billions of products worldwide.
